Product Description

Cryolipolysis Freezing Slimming Machine With Adjustable Temperature For Professional Weight Loss

Product Description:

The machine's Frozen Head Pressure: 0-100kpa feature ensures that the treatment is safe and effective, as it applies pressure to the targeted area to ensure that the fat cells are properly targeted. Additionally, the machine's Temperature: -15~5 °C feature uses Cryo Cooling technology to freeze the fat cells, causing them to die off and be eliminated from the body naturally.

One of the main Functions of the Cryolipolysis Slimming Machine is Weight Loss. By targeting specific areas of the body, such as the abdomen, thighs, or arms, it can help people achieve their weight loss goals and get the body they've always wanted.

When it comes to Certifications, the Cryolipolysis Slimming Machine is CE certified, meaning that it meets the highest standards of safety and quality. This ensures that customers can trust the machine to deliver the results they want without risking their health.

Overall, the Cryolipolysis Slimming Machine is an excellent choice for anyone looking to lose weight and achieve a slimmer, more toned body. With its advanced features and certifications, it is a reliable and effective Cryo Cooling Machine that can deliver real results.

Features:

Product Name: Cryolipolysis Slimming Machine

Stationary: Yes

Frozen Head Pressure: 0-100kpa

Cavitation: 40K

Lipolaser: Diodes Liposlim For Fat Removal

Temperature: -15~5 °C

Introducing the Cryolipolysis Body Slimming Machine, also known as the Cryolipolysis Fat Freeze Slimming Machine. This Slimming Machine is equipped with a stationary feature that ensures a comfortable and consistent experience. The Frozen Head Pressure ranges from 0-100kpa and the Cavitation is 40K, which allows for a targeted and effective slimming treatment. Additionally, the Lipolaser feature with Diodes Liposlim technology provides a non-invasive solution for fat removal. Finally, the Temperature can be set between -15~5 °C, offering a cooling sensation during the treatment. Achieve your desired body shape with the Cryolipolysis Slimming Machine.

Technical Parameters:

Vacuum Pressure	10-80KPa
Type	Slimming Machine
Frozen Head Pressure	0-100kpa
Certifications	CE
Functions	Weight Loss
Treatment Areas	Abdomen, Thighs, Arms, Love Handles, Back
Temperature	-15~5 °C
Lipolaser	Diodes Liposlim For Fat Removal
Cavitation	40K
Work Model	Pulse

Applications:

One of the key functions of this Cryolipolysis Slimming Machine is weight loss. It utilizes freezing technology to target and eliminate fat cells in the body. The freezing temperature ranges from -15 to 5°C, which has been scientifically proven to effectively and safely destroy fat cells.

This Cryolipolysis Slimming Machine is versatile and can be used on various treatment areas, including the abdomen, thighs, arms, love handles, and back. It's perfect for those who are struggling with stubborn fat in these areas and want a non-invasive solution.

Aside from Cryolipolysis, this machine also has a cavitation function. The 40K cavitation technology emits sound waves that break down fat cells, making it easier for the body to eliminate them. This is perfect for those who want to complement their Cryolipolysis treatments with additional slimming methods.

Overall, the Laser Freezing Weight Loss Machine is a must-have for anyone who wants to achieve their desired body shape. It's a non-invasive alternative to surgical procedures like liposuction and is a much safer option. This machine can be used in various scenarios, such as in beauty salons, spas, or even at home. It's a convenient and effective way to achieve your weight loss goals.

Customization:

Vacuum Pressure: 10-80KPa

Freezing Temperature: -15-5°C

Temperature: -15~5 °C

Lipolaser: Diodes Liposlim For Fat Removal

Certifications: CE

Our customization services ensure that your Cryolipolysis Slimming Machine meets your specific needs. Whether you need a HIFU Slimming Machine or a 360 Cryolipolysis Machine, we can customize the Laser freezing weight loss machine to suit your requirements.
